online configurable
web-erp software

FROM HUMANS...

VISION

BECOME INDEPENDENT AGAIN

With our innovative software catbiz we offer to all size of companies or all industries a unique and essential tool to handle the whole administrative work.

During the development the focus was set on the functionality as well as the user-friendliness. We do not use unnecessary admin tools or unnecessary analysis tools that consume vast amounts of money.

"THE WORLD'S FIRST FULLY ONLINE CONFIGURABLE WEB-ERP SOFTWARE".

INDEPENDENT OF SOFTWARE GIANTS

Working independent and free with catbiz. We are using open source products for all our tools. Our own pivot tables, graphics and text editors avoid the use of products of the dependency-creating software giants.

In any case they collect vast amounts of data, insert annoying advertising or generate other constraints. All you need as an entrepreneur is configured by us or programmed, if necessary.

With catbiz you can work again efficiently and cost effectively. After a simple registration you have immediate access to all the software functionalities and applications for a 30 days free trial period.

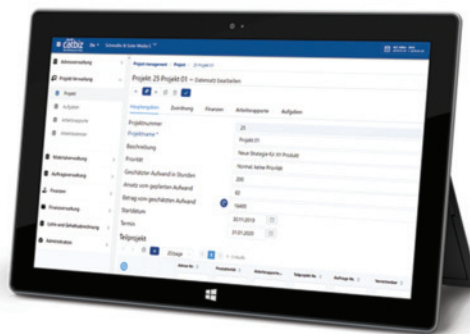

FROM HUMAN BEING FOR HUMAN BEING

SUPPORT

As a small, familiar team we are always optimizing and upgrading our software. You will be supported by a competent team on a longterm base, and we offer 5 years warranty to you.

EXPERIENCE

You will profit from our experience over more than 40 years in development of software for accounting, finance, organization and administration in small and medium enterprises as well as large companies.

SINCE 2006

catbiz is online since 2006 and has been upgraded completely to object oriented programming. Since 2020 our new webERP is online in the market. All experience is taken into account in the development in a way that we leave no wishes unfulfilled.

TRUST

We are living human beings and no office robots. Please contact us for software matters or tell us your needs for your enterprise. We are supporting you to advance your business **independent** and cost-effective. We are pleased to meet you.

catbiz as a competent partner guarantees a perfect processing of your worksteps.

With The world's first fully online configurable web-erp software.
